This submission does not represent that a search has been made or that no better art exists. While the term "reference" is used in citing the publication called to the Examiner's attention herein, applicant does not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law.

Applicant reserves the right to contend, where appropriate, that a reference asserted against any claim of the present application is not prior art under the facts and the law.

Applicant also reserves the right to present appropriate arguments and/or evidence to establish patentability over the reference, should it be applied against the claims of the present application.

This Information Disclosure Statement is being filed prior to the receipt of the first office action on the merits and therefore no fee is due for its submission. However, in the event that any fees are required, the Commissioner is hereby authorized to charge any requisite fee to Deposit Account No. 50-0518.

It is respectfully requested that the references be considered and made of record.

Respectfully submitted,

STEINBERG & RASKIN, P.C.
